D. High Scores (LD-V8000/4400/4300 only)

Enabled:	A6=ON
Disabled:	A6=OFF

E. ROM Selection Menu

At power-on, the ROM selection screen is displayed for 10 seconds. You may use the joystick to change the default game version. Default game starts after a 10 second timer or by pressing sword. You may also change the default game during the attract sequence of any game by holding Left and Sword/Fire for 4 seconds. This will bring up the selection Menu.

Enabled:	A7=ON
----------------	-------

Disabled: The default game version starts immediately, and the ROM version can not be changed. A7=OFF

To Change the default game: Power on the machine with dipswitch A7=ON. Select and Start your desired game. Power off and set A7 as desired.
